<u>Pricing</u>:

Our nonprofit food truck and catering truck can be rented out between two and six hours to meet your unique event needs. The pricing listed below includes volunteer time (which is all donated to the Torch), food and beverage costs, plates, serving ware, and a serving table. *Note: for larger parties the food truck AND catering truck will both need to be utilized to have proper cold/hot storage for all drinks and food, so costs may vary minimally.

Two Hour Event: $1,000 plus $8 per guest

Three Hour Event: $1,200 plus $8 per guest

Four Hour Event: $1,400 plus $8 per guest

Six Hour Event: $1,600 plus $8 per guest

**Minimum Guests: 150

<u>How was our pricing determined?</u>

Many factors were used to calculate the pricing for our food truck catering services:

- We researched catering rates of other food trucks across Michigan and made sure our prices were competitive, yet lower than other food trucks out there. We want all we serve to know they are getting a great deal while raising funds for the nonprofit.
- Overhead cost fee: $250 included in event costs (for locations up to 60 miles away, locations further will be charged more to offset the cost of diesel for the food truck.)
- Minimum set-up time: 1 hour
- Minimum clean-up time: 1 hour
- Minimum grocery shopping time: 1 hour
- Drive time
- Drive distance
- Permits needed for the event (state parks, etc.): will be costs incurred by event host and not The Torch.
- Minimum number of Torch volunteers needed to run the event

Please note: the mission of The Torch food truck is to serve free food to those in need across Michigan. All those who operate and work with the food truck are volunteers and 100% of every donation goes towards serving others in need – no salaries are taken for operating The Torch. When the food truck is used to cater an event, or attend an event, we do require a minimum fee to ensure all cover operational costs, volunteer time, and to enough profits are raised to continue to support the mission of The Torch.
